

N/REF : AP0019-ed1-EN-2014 06 17

Associated fees for the Accredited Verifiers

- Applicable on July 1st 2014-

In order to become a verifier accredited by the Program, you must apply to the Secretary General of the PEP ecopassport® Program through the email address contact@pep-ecopassport.org, in accordance with the requirements of the procedure described in the document AP0003 for the accreditation of the verifiers of PEP. Associated administrative fees for processing the application will be charged.

If the accreditation is not obtained during the first interview, a second interview upon request of the applicant can be done, without any associated fees. If the applicant fails during the 2nd interview, a new application must be filled in, and associated fees can be charged again.

Once the accreditation is obtained by the applicant, he is entitled to join the network of the Accredited verifiers of the PEP ecopassport® Program. This status leads to an annual contribution to the program operator P.E.P. Association. Only those accredited verifiers who have paid in due time the annual contribution are allowed to deliver the PEP Conformity Declaration in accordance with the PEP ecopassport® Program as described in the AP0002 procedure.

When the verifier has an employee status of a structure which is a member of the P.E.P. Association, no annual contribution fees will be charged.

The associated fees, to be paid by the verifier in order to become an Accredited verifier of the PEP ecopassport® Program, are detailed below:

Application period : 2014/2015	Associated fees
Administrative fees for processing the application (covering the 1 ^{er} and the 2 nd interview if any)	500€
Administrative fees for the renewal of the accreditation	Free
Annual contribution*	1 000€

* The period covered by the annual contribution shall run as from the anniversary date on which the accreditation has been obtained.
